Data Security and Retention

We seek to protect your Personal Data from unauthorized access, use and disclosure using appropriate physical, technical, organizational and administrative security measures based on the type of Personal Data and how we are processing that data. For example, the Services use industry-standard Secure Sockets Layer (SSL) technology to allow for the encryption of Personal Data you provide to us. You should also help protect your data by appropriately selecting and protecting your password and/or another sign-on mechanism; limiting access to your computer or device and browser; and signing off after you have finished accessing your account. Although we work to protect the security of your account and other data that we hold in our records, please be aware that no method of transmitting data over the Internet or storing data is completely secure. We cannot guarantee the complete security of any data you share with us, and except as expressly required by law, we are not responsible for the theft, destruction, loss or inadvertent disclosure of your information or content.

We retain Personal Data about you for as long as we have a business purpose to do so. In some cases, we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. Deletion

You have the right to request that we delete the Personal Data that we have collected about you. Under the CCPA, this right is subject to certain exceptions: for example, we may need to retain your Personal Data to provide you with the Services or complete a transaction or other action you have requested. If your deletion request is subject to one of these exceptions, we may deny your deletion request.

Exercising Your Rights

To exercise the rights described above, you must send us a request that (1) provides sufficient information to allow us to verify that you are either the person about whom we have collected Personal Data or are an agent authorized by that person, including without limitation your name and email address, and (2) describes your request in sufficient detail to allow us to understand, evaluate and respond to it. Each request that meets both of these criteria will be considered a “Valid Request.” We may not respond to requests that do not meet these criteria. We will only use Personal Data provided in a Valid Request to verify your identity and complete your request. You do not need an account to submit a Valid Request.

We will work to respond to your Valid Request within 45 days of receipt. We will not charge you a fee for making a Valid Request unless your Valid Request(s) is excessive, repetitive or manifestly unfounded. If we determine that your Valid Request warrants a fee, we will notify you of the fee and explain that decision before completing your request.

You may submit a Valid Request using the following methods:

- Email us at: privacy@science-inc.com
- Submit a form at this address

You may also authorize an agent (an “Authorized Agent”) to exercise your rights on your behalf. To do this, you must provide your Authorized Agent with written permission to exercise your rights on your behalf, and we may request a copy of this written permission from your Authorized Agent when they make a request on your behalf.

We Will Not Discriminate Against You for Exercising Your Rights Under the CCPA

We will not discriminate against you for exercising your rights under the CCPA. We will not deny you our goods or services, charge you different prices or rates, or provide you a lower quality of goods and services if you exercise your rights under the CCPA. However, we may offer different tiers of our Services as allowed by applicable data privacy laws (including the CCPA) with varying prices, rates or levels of quality of the goods or services you receive related to the value of Personal Data that we receive from you.
